

St. Celestine Catholic School

*A Place Where All Are Welcome To
Believe, Achieve And Succeed!*

2024-2025 School Year

Dear Parishioners, Alumni and Friends,

From the very youngest grades, our students are creating and constructing knowledge with technology tools to foster skills in communication, collaboration, critical thinking, problem solving, creativity, and computational thinking.

Your gifts to St. Celestine have made a great impact on our school and the programs we offer our students including iReady, STEAM activities, coding and 3D design, classroom technology, digital citizenship instruction, 1:1 Chromebooks & iPads, technology center, Google Workspace, programming, drone, and robotics clubs, interactive whiteboards and much more.

We are grateful to you for your continued support of gifts and prayers to our annual fund. Because of you, we are a thriving school community and able to offer cutting-edge technologies to our students in addition to the many educational and spiritual experiences, athletic programs and clubs we offer them.

As you know, technology is constantly being upgraded but with your continued support you will help us keep it state-of-the-art for all the children to benefit this school year.

Gifts to the annual fund directly support the 1:1 technology initiative which provides iPads and Chromebooks as well as other hardware, network infrastructure, software applications and licensing for over 550 devices throughout the school. We thank you for supporting the annual fund and more importantly for helping us prepare our children for their future.

Sincerely

Sheila Klich
Principal

1:1 Technology for every student
iPads in Preschool – 1st grade
Chromebooks in 2nd – 8th grade

Interactive boards in every classroom and technology lab classes for all students

Curriculum follows the ISTE Standards (International Society for Technology in Education)
Digital literacy is essential and necessary to our curriculum development and prepares students at every grade level to communicate and interact in a technology driven society.

STEAM for all levels of learning
Science. Technology.
Engineering. Art. Math.
